CRANE & PLANT HIRE

WE'LL LIFTYA GEAR!

CAPABILITY STATEMENT

ABOUT US | WHY CHOOSE **LIFTYA**

Liftya is a new-generation crane and plant hire company delivering safe, reliable, and highly responsive lifting solutions across South Australia.

Built for today's construction standards — not yesterday's habits — our operations are designed around rapid mobilization, modern safety systems, digital scheduling, and direct owner-led accountability. We specialise in supporting residential, commercial, civil, glazing, and industrial projects with a modern, low-hour fleet engineered for reliability, uptime, and precision lifting performance.

Unlike many operators, **Liftya** provides direct communication with decision-makers, fast turnaround on quotations, and a hands-on approach that prioritises responsiveness, flexibility, and consistent service quality across every project.

- ✓ Rapid mobilisation and responsive scheduling
- ✓ Direct owner involvement and fast decision-making
